

MERCURE

HOTEL

HURGHADA

Dear Valued Partner,

Further to our previous communication regarding the renovation and upcoming rebranding of Mercure Hurghada to Mövenpick Resort Hurghada, we are pleased to share the latest progress on the resort's transformation.

Phase 1 of the renovation has been successfully completed, introducing an enhanced arrival experience, a newly renovated main lobby and reception area, and an upgraded main restaurant. These refreshed spaces are now welcoming guests and enriching their stay.

The second phase is now underway, encompassing upgrades to guestrooms and several facilities, including the lounge, Azur Bar, Italian restaurant, sushi bar and Teppanyaki restaurant. Completion of this phase is anticipated by January 2027, while the overall renovation program is expected to conclude in early 2028.

The resort's remaining facilities continue to operate, with alternative spaces provided for facilities currently undergoing renovation to maintain guests' comfort and access to services.

The resort is managing the works in a carefully controlled and phased manner, with measures in place to minimize noise and construction impact. Our teams coordinate activities closely to help guests enjoy a comfortable stay while making the most of the newly renovated areas and available facilities.

We sincerely appreciate your continued support and partnership throughout this transformation. Further updates on the remaining renovation phases and official rebranding timeline will be shared as confirmed.

Warm regards,

ESSAM AHMED

Director of Operations

Mercure Hurghada | Soon to be Mövenpick Resort Hurghada
